

# Caregiver Portal

Parents and caregivers are able to access their child's attendance, assessment reporting and make school payments via the Caregiver Portal on our Student Management System Edge.

We encourage you to login to the Edge Caregiver Portal now to access information regarding your child/children.

## How to Log In

To log on, you must use the same email address that the school holds for you. This will be the one you provided with your child's enrolment, and which you receive newsletters and other email notices from the school on.

Go to <https://parent.edgelearning.co.nz/> or scan the QR code.

1. Enter your email details into the email field.
2. Click on "Reset Password?" to receive an email from MUSAC with a 'reset password' link.
3. Enter and save your password, then close that window and put your new password into the log in page.
4. Once you have access to the caregiver portal, you are then able to click on the name of your child and access their information regarding attendance, student reports and school payments.
